SEPTEMBER 2008

2008 CONCERT

We are getting ready for our concert of Shrek 2 for the concert and we are getting very excited. The concert dates are the 6th and 7th of December and all students will be required all day for both of these days. The photo day will be Sunday the 23rd of November and the rehearsal day will be Friday the 4th of December from 4pm. Costumes are now being made and the final amounts needed will be put on next terms bill. Term four will finish after the concert and our presentation and party day will be held on Saturday the 13th of December.

Exam information

The RAD exam dates are the 30th and 31st of October. You should all have information regarding the times that you are required to attend. It is extremely important that the kids arrive on time as we can not wait for late children and their hair needs to be done for the exam. Please see Mel at the front desk if you are not sure what is required.

A huge congratulations to all the kids who performed at the Blacktown Bridal expo on the weekend. You all did a great job. Also a big thankyou to all the parents who helped dress the models.

Importance of attending class

We understand that this term has been a bit crazy and with all the extra things that have been going on your normal teachers have not always been there to cover class. We are very disappointed that so many of you have chosen to skip class when your normal teachers have not been there. Firstly it is embarrassing when we get top teachers out from the city and they have small classes to teach and also it makes it very hard for us because we are trying to keep your training up and get you ready for exams. PLEASE understand that we are trying to get ready for the concert and exams and that your attendance to class is extremely important. Students who continually miss class will not be given special parts in dances and if they miss new stuff and don't catch up they will be off stage for this section of the dance. We look carefully at attendance and those kids who do not miss will be looked upon favourably as they are showing more dedication.

September student of the month

This month our student of the month is Sophie Kleyn. Sophie is an extremely hard worker and always tried her hardest in every class. Every teacher this month has commented on how hard Sophie works and what a pleasure she is to teach. Sophie is an amazing performer and is extremely talented. Keep up the great work Sophie!
